Keep Looking Forward

The Auburn Chamber of Commerce is doing its best to keep looking forward with upcoming events. Of course we want to stress the importance of and encourage all to use good social distancing guidelines.

Unfortunately, we have had to cancel our Annual Chamber Sequence Bowling Tournament but the bowling ball drawing will still be held on June 2nd so be sure to get your tickets.

We are moving forward and kicking off the summer with the City Wide Garage Sales on June 5-7 with almost 30 sales happening in the community. Safe to say that there has been a lot of COVID cleaning happening over the last two months. It's a great time to go and make someone else's trash your treasure!

As we look forward to July we also look toward teeing things off with our 26th Annual Golf Classic on Friday, July 17th. In the past our businesses have been amazing supporters for our hole sponsors, meal sponsors, and

giving towards our raffle prizes.

We understand that through these challenging times you may not be able to give in the way that you have in the past, however, we would love to still have you be a part of the event in anyway possible. Please reach out to Tonia and let her know what you can donate or how you can help.

Both the bowling and the golf tournaments are our way of raising money for a local high school scholarship and so we would like to be able to continue to come together and make this possible. Funds are also used to continue to support our members through advertising and other events. We want to continue to meet the needs of our members and of our community and our working towards continuing to grow as a Chamber with your commitment in being a part of our future as we move forward.

We don't know what tomorrow brings, or what the next DHM will say or how many people will be allowed to be in one spot at a time, but we do know that we are a strong community and the physical distance between us is only going to make us stronger in the end as we continue to work together to show that Nemaha County is the place to bee!

You don't
have to have
it all figured
out to move
forward
